

Precautionary Safety Measures for MICE events in Seoul

This guideline is based on Social Distancing Level 1 and it may change following the official announcement from Korea Disease Control and Prevention Agency.

1

Designate quarantine staff for systematic responses

2

Provide alternative ways to participate

3

Conduct prevention measures training and display guidelines

4

Prepare an isolating space to prevent possible transmission

5

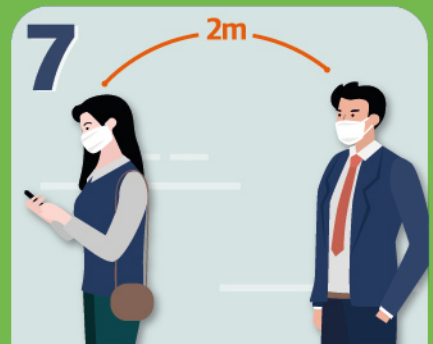

Provide zero-contact registration process

6

Minimize possible contacts in public movement

7

Maintain 1-2m distance from others

8

Provide personal protective equipment for speakers

9

Refrain from offering F&B, gifts or hands-on events

10

Disinfect and ventilate the venue on a regular base
